

## **MCG group PS Security Export Control Global Policy**

The international situation is constantly changing, with economic and security conflicts becoming more intense every day due to various threats, including weapons of mass destruction.

As part of our product stewardship activities, we are committed to reducing risks associated with security exports by complying with "Risk Management and Economic Partnership Agreements on Trade in Security for the Purpose of Maintaining International Peace and Security" and export control laws and regulations applicable in each country. We will strive to reduce the risks associated with security exports.

### **MCG group PS Security Export Control Global Policy**

- We do not engage in transactions of concern that threaten the maintenance of international peace and security.
- We shall comply with export control laws and regulations, including extraterritorial jurisdiction, applicable to our products, its component part and the countries and regions conducting business.
- We will ensure compliance with export-related laws and regulations by developing an organizational structure
